

Huskie Hockey Camps

Program Description

The Huskie Hockey Schools are back for the summer of 2017!

The Huskie Hockey School believes in providing top quality on-ice hockey instruction as well as a variety of other daily activities. Off-ice sessions may include field activities with real grass stains included!

Our day will include:

- 2 on-ice sessions
- 1 off-ice activity
- 1 lunch break
- 1 daily swim session

So pack up your hockey gear, grab your lunch and swimming suit and get back over here.

General Hockey Camps (Full Day)

The Huskie development camps have continued to place an emphasis on skill development. We believe we lead by example in this area! Our curriculums are planned to ensure the participant learns through an environment of positive learning and fun activity.

Each participant receives two ice sessions daily (total of ten hours). As well, each age group will be supervised by at least two group leaders and two on-ice instructors will conduct each ice session, one being the head instructor. Note, some of our younger age groups require more on ice personnel; in this case, our on-ice instructors will be increased. We also increase our group leaders to 3 for our younger groups. Also the Huskie Hockey Schools welcome all girls who love the game. We are prepared to take registrations in all our sections for girls. We have female group leaders and instructors. Get a group of you and get in the same session – it is way more fun!

Each participant must provide his or her own lunch; however, our lunch sessions occur at the Agriculture Buffeteria, so lunch can also be purchased.

Instructors: Current and former Huskie hockey athletes and coaches

Head Supervisor: Dave Adolph
