

Huskie Soccer School of Excellence 2017

Huskie Athletics Soccer Camps

Every Huskie Sport Camp Athlete will receive a season pass to the sport that they attend this summer! The season pass is good for entry into every regular season Huskie home game for that sport!

Welcome to the Huskie Athletics Camp! Our unique, high quality, customized camp experience is run by first class University coaches and Huskie athletes.

The object of the camp is to provide fun, instruction and excitement in a closely supervised and organized environment to enhance the development of the player and their passion for the game. All players will be divided into age and ability appropriate groups in addition will play with all campers over the week.

The Development Camp is designed for the player looking for additional training on top of his or her community or club programs. If you are a player looking to be challenged, play in the top facilities in Saskatoon and learn from university coaches and players, this camp is for you.

The University of Saskatchewan soccer programs are taking the lead role in encouraging, teaching, and nurturing the talented players of tomorrow. This learning phase is crucial in a player's development as during this time players are faced with too much competition and not enough efficient training time. By providing qualified coaches and state of the art facilities the players will have access to the most positive soccer experience as possible.

During the camp, players will be playing with players of similar ability and will be challenge with age appropriate training. The foundation of this age is the continuing with the skill set of a player in an environment that challenges the individual in game like situations.

All exercises will focus on technique played out in small sided games. Progression will follow the natural steps of 1vs.1, 3vs.3, 4vs.4 and finally 7vs.7.

Huskie Athletics Soccer Camps are committed to providing each player with a memorable camp experience. Our goal is to create an exciting environment in which our players are provided with the best chance to develop as players. All camps are subject to 12:1 player to coach ratio.

The Advanced Skill Camp is designed for both the advanced high school and club player looking to experience a unique soccer environment with players of their ability and age from all around the world. In years past we have had players from Iceland, Northwest Territories, Alberta, and all throughout Saskatchewan participating in our camp.

During this camp players will continue to work on their skills focused around the following development pillars; Technique, Tactical, Psychological and Physical. These skills will be developed in a number of different ways, true skill execution, observing university players, and video, small – sided games and under pressure in a daily skills competition.

University coaches will be present throughout the week with the assistance of University players from both the Men’s and Women’s Soccer Programs. This will ensure that players will receive quality information and from full time coaches.

Keeper Camp:

Date: July 10 - 14, 2017
