General Hockey Camp (full day and half day camps)

The Huskie Development Camps have continued to place an emphasis on skill development. We believe we lead by example in this area! Our curriculums are planned to ensure the participant learns through an environment of positive learning and fun activity.

Each participant receives two ice sessions daily (total of ten hours). As well, each age group will be supervised by at least two group

leaders and two on-ice instructors will conduct each ice session, one being the head instructor. Note, some of our younger age groups require more on ice personnel; in this case, our on-ice instructors will be increased. We also increase our group leaders to 3 for our younger groups. **Also the Huskie Hockey School welcome all girls who love the game. We are prepared to take registrations in all our sections for girls. We have female group leaders and instructors. Get a group of you and get in the same session – it is way more fun!**

Each participant in the full day and goaltender camp must provide his or her own lunch; however, our lunch sessions occur at the Agriculture Buffeteria, so lunch can also be purchased.

Instructors: Current and former Huskie Hockey athletes and coaches

Head Supervisor: Dave Adolph
